

Important Notice to International Registration Plan Carriers

Renewal Packages Moving Online

This notice is to inform carriers of upcoming changes to the distribution of renewal packages.

As part of the Ontario Government's digital first strategy, the International Registration Plan program in Ontario will stop mailing renewal packages to registered fleets prior to their expiry. Beginning January 1, 2020, all carriers must obtain their renewals online through the Permitting and Registration for International Registration Plan and Oversize/Overweight System. You can register for your online account by emailing irp@ontario.ca and requesting access to your International Registration Plan account. Once you have established your online account, you will be able to download and view/print the renewal notice.

If you have any questions regarding online services or how to obtain your renewal package, please contact the International Registration Plan Program Office via email at irp@ontario.ca or by phone at (416) 235-3923 or toll free at 1-866-587-6770.
