

WITHOUT DRIVERS, WE HAVE

**NOTHING**

**Truck drivers not only drive our freight, they drive our economy.**

The Canadian Trucking Alliance in conjunction with provincial trucking associations launched National Trucking Week many years ago to bring awareness to the critical role truck drivers play in our economy.

We cannot take our drivers for granted. We need to treat them with the respect they deserve for their tireless efforts because without them, our economy comes to a screeching halt.

This year, we will be celebrating the Canadian driving force of over 400,000 men and women for the week of Sunday, September 1<sup>st</sup> – Saturday, September 7<sup>th</sup>.
