THE NEXT GENERATION CERTIFICATE PROGRAM™

THE PROGRAM

The Next Generation Certificate Program™, delivered by the highly esteemed Humphrey Group, is an intensive leadership development program designed to equip emerging leaders in the transportation industry with strong communication skills required of successful executive. New and future senior leaders of trucking and supplier companies are invited to participate in this four-module certificate program. The overall program objective is to provide the next generation of leaders with the ability to inspire action in others - from drivers, to customers, to executive teams.

MODULE 1: ENGAGING AND INSPIRING OTHERS	MODULE 2: DEVELOPING AN EXECUTIVE PRESENCE	MODULE 3: LEADING IN CONVERSATIONS	MODULE 4: LEADING IN MEETINGS
<p>Participants will move beyond the role of “manager” and into the role of “leader”. This module examines the connection between leadership and communication</p> <ul style="list-style-type: none"> Organize their thinking in a clear, structured manner. Communicate powerful messages that reflect their leadership thinking. Close with a compelling call to action. 	<p>Presence is a quality that we ascribe to people who can connect with us and hold our attention. In this module, participants will learn to engage their audiences with a natural, authentic presence.</p> <ul style="list-style-type: none"> Show confidence using strong body language. Make effective use of eye contact. Use varied expression and tone. 	<p>Everyday, leaders are called upon to shape the way people think and act. These “leadership moments” are found not only in formal presentations, but in daily conversations. Effective leaders recognize that they must capitalize on these opportunities.</p> <ul style="list-style-type: none"> Think on their feet and influence others in challenging conversations. Defuse challenging conversations through active listening techniques. 	<p>Effective leaders recognize the importance of approaching every meeting - whether as Chair or participant - as an opportunity to communicate key messages and drive action.</p> <ul style="list-style-type: none"> Meet with the intention to inspire action. Prepare a message-driven agenda.

OTA-SEEC LEADERS CERTIFICATE PROGRAM

THE PROGRAM

This program, in partnership with the Schulich School of Business, Executive Education Centre (SEEC), equips leaders with the framework you need to lead strategic innovation projects. Innovation is a key part of the strategic planning process for any business and every leader needs to know how to manage innovation initiatives. Innovation is the #1 strategic driver to grow your business. Whether launching new products or improved manufacturing and IT systems, this program is ideal for future leaders with finding new ways to create value for their customers and their organizations.

DAY 1: INNOVATION AND THINKING PREFERENCES	DAY 2: THE PROCESS AND THE PRACTICE	DAY 3: CREATING A CULTURE OF INNOVATION	DAY 4: ALP FINAL PRESENTATION
<p>By the end of Day 1, participants will have a good understanding of what innovation is, how to define and recognize its many forms. Participants will also gain an understanding of their own thinking preferences in innovation and how to leverage cognitive diversity for greater outcomes. Topics covered:</p> <ul style="list-style-type: none"> What is innovation and why is it important? Determining the appropriate level and type for your company. Thinking preferences and benefits of innovation as a competitive advantage. 	<p>By the end of Day 2, participants will be able to solve challenges by applying an innovation framework. Participants will have some proficiency in using different tools and techniques to be more effective in solving problems. Topics covered:</p> <ul style="list-style-type: none"> Walk-through of skills development, techniques and tools to develop stronger solutions. Developing ideas and tools to stimulate change in your organization. Implementation, management and execution process for innovation strategies. 	<p>By the end of Day 3, participants will be able to articulate what a culture of innovation is, and what they can do to shift their organizations. Topics covered:</p> <ul style="list-style-type: none"> What is a culture of innovation and to what extent does your organization apply it. What leaders can do to reinforce or modify culture to accelerate a culture of innovation. Why people resist change and how can leaders reduce resistance to change. 	<ul style="list-style-type: none"> Each ALP team presents their project solutions to an audience that consists of their fellow peers/classmates, SEEC management, Ontario Trucking Association board members and project champions. A Q/A session immediately follows each presentation.
